<https://github.com/WebXWizard>

❖ OBJECTIVE

I am a motivated and skilled software developer with experience in frontend and backend technologies. My experience includes training at Digipodium where I collaborated with teams to create intuitive user experiences and optimize server performance. I excel in problem-solving and have a passion for mastering new technologies.

❖ SKILLS

- **Frontend Technologies:** HTML, CSS, JavaScript, TailwindCSS, Bootstrap.
- **Backend Technologies:** Node.js, Express.js, RESTful APIs.
- **Database System:** MongoDB.
- **Tools:** VS Code, Git, GitHub, Thunder Client.

❖ EDUCATION

- Seth Vishambhar Nath Institute of Higher Studies | **BCA** | Safedabad, Barabanki (Feb-2025)
- SSIC - Lakhperabagh, BBK | **12th (UP Board)** | Barabanki (Jun-2021)
- AVCIC - Lakhperabagh, BBK | **10th (UP Board)** | Barabanki (Jun-2019)

❖ PROJECTS

1- DIY Innovators (Major Project)

Tech Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js), Next.js

Technology/Tools: Tailwind CSS, MongoDB, Express.js, React, Node.js

Description:

A dynamic, data-driven platform designed to empower users through DIY project resources and tutorials. The website features a clean, responsive UI and supports robust user interactions via secure authentication and a payment gateway.

Purpose:

Built to enhance user engagement by enabling CRUD operations for DIY content, encouraging creativity, skill-building, and hands-on learning. Demonstrates expertise in full-stack development, secure transactions, and scalable UI design.

1- React Library Directory (Minor Project)

Tech Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js), Next.js

Description:

A web-based library directory that enables users to browse, search, and manage library resources with ease. The application features a responsive interface and dynamic content updates for efficient data handling.

Purpose:

Designed to demonstrate full-stack development skills, user management implementation, and the ability to build and maintain scalable, interactive data-driven applications

❖ RELEVANT EXPERIENCE

(WEB DEVELOPER & TRAINER)

Aadityaa Computer's & Digital Hub, Barabanki - Jan 2025 - Apr 2025

- Build a Full Stack Webapp Using MERN Stack at Aadityaa Computer's & Digital Hub.
- Assisting in the development of web-based projects as part of the job.
- Collaborated with teams to create intuitive user experiences and optimize server performance.
- Improved debugging and problem-solving skills by troubleshooting website issues.

❖ SRENGTHS

- Communication Skills
- Adaptability & Tech Agility
- Design-to-Code Expertise
- Efficient Troubleshooting Abilities
- Problem Solving & Error Resolution
- Tech-Savvy & Quick to Adapt

❖ HOBBIES

- Playing Cricket: Passionate cricket enthusiast with experience in and a keen understanding of the game.
- Programming.
- Exploring new technologies and building projects.
- Seeking new opportunities.
